Transform your walls

with custom printed wallpaper with your own unique design. You choose the image you would like from our image library or send us a suitable image of your own, tell us the size of your wall and we will print you your very own custom wallpaper for a fraction of the cost of traditional methods.

Ordering Process

Measure the width and the height (in metres) of the wall area you wish to cover. To calculate the price multiply the width by the height and then multiply by the cost per square metre (sq m).

Width	Height	Cost per Sq mtr	Price
3.05 mtrs	x 2.10 mtrs	x £33.50	= £214.57

Add the cost of your Dreamstime image: £20 (plus Layout charge if required £15)
